

**Game Title:** Call Your Mom

**Description:** This is an interactive user experience for two players. It's just another day at the office. The last elevator maintenance is due since quite a long time. When two of you get into the elevator, the elevator starts falling. You immediately know that there's no way back. There is only one phone, for one last call. Fight for the phone to ... CALL YOUR MOM!

**Controls:** You'll need two XBOX Gamepads to play Call Your Mom. With the left stick you control your movement, with the right one you dial the number when you've got hold of the phone. On X you'll attack, on B you'll block and on A you'll jump. When starting the game, you'll get into the elevator lobby. Press A once per player and the game will start.
